SUBJECT : Minutes of Meeting - 29 September 1961

REFERENCE : Memo dated 27 Sept 1961, Subject: Meeting to Discuss
name Changes for Missile Sites [redacted]

25X1

1. Representatives of the Army, Navy, USAF, CIA, NSA, GMAIC and NPIC met at the request of the Director, NPIC to discuss problems pertaining to the naming of MRBM and ICBM launch sites.

2. Mr. Gagan of AFIC presented an informative briefing on the naming of these sites for incorporation into the Bombing Encyclopedia and Target Data Inventory as agreed to by the Military Services in accordance with JCS directives.

3. After a lengthy discussion of special problem cases typically encountered, it was agreed that:

a. Each representative would make a point of advising his COMOR principal as to the agreements arrived at in this meeting.

b. Essentially the criteria established for naming MRBM and ICBM sites were adequate except for the problem encountered with complexes where the individual sites are found on different missions; this
